

Dear Professor,

On behalf of the organizing committee of the ABA, APPA & TBS JOINT CONGRESS, we welcome you to the ABA, APPA & TBS Joint Congress 2022 scheduled to be held in Tainan, Taiwan.

Meeting Date: June 22 – 26, 2022 (GMT+8)

Venue: International Conference Center, Kuang-Fu Campus, National Cheng Kung University, Tainan, Taiwan (On-Site) and Online Meeting (Cisco Webex)

Meeting Format: Hybrid Congress

We organized the on-site and online meetings of ABA, APPA & TBS JOINT CONGRESS that aims to bring together some of the top academia leaders in the world to shed light on the best of research in biophysics and protein science, and call for some discussions in the direction and growth of research for the upcoming decades.

We have chosen the scientific topics carefully during this congress:

- Biophysics and Medicine
- Imaging and Super-resolution Imaging
- Membrane Biophysics
- Structural Biology
- Biophysics in Protein Misfolding and Neuroscience
- Bioinformatics
- Biophysical Studies on Infectious Microbes

As the world is re-organizing and learns to traverse in the backdrop of the Corona pandemic, we would expect your strong involvement and further promotion of this upcoming event to make it a grand success. Please join and enlighten avid learners and researchers with your participation.

For more details, please visit: <https://www.aba-appa-tbs.org/>

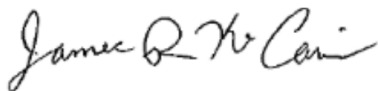

Any question please contact the Secretariat, Ms. Michelle Lee: (+886) 6-200-3196,

Email: biophys@gate.sinica.edu.tw

Yours faithfully,

Danny Hatters,
Department of Biochemistry and Pharmacology,
The University of Melbourne
President of the Asian Biophysics Association

James R. Ketudat Cairns
President, Asia Pacific Protein Association

Dr. Woei-Jer Chuang
President, Biophysical Society of R.O.C
Associate vice president, National Cheng Kung University (NCKU)
Director, NCKU's Transfer and Business Incubation Center
Professor & Chairman, Department of Biochemistry and Molecular Biology, NCKU

Dr. Ping-Chiang Lyu
Program Committee Chair
Professor, Institute of Bioinformatics and Structural Biology
Vice president, National Tsing Hua University (NTHU)

ABA, APPA & TBS Joint Congress

2022
June 22-26

Conference Venue

International Conference Center, National Cheng Kung University, Tainan, Taiwan (On-Site)
and Online Meeting (Cisco Webex)

IUPAB Lecture
Takayuki Uchihashi
Professor, Department of Physics,
Nagoya University, Japan

APPA Lecture
Yuji Goto
Professor, Global Center for Medical Engineering and
Informatics, Osaka University, Japan

TBS Lecture
Weontae Lee
Professor, Department of Biochemistry,
College of Life Science and Biotechnology,
Yonsei University, Korea

ABA Lecture
Ming-Daw Tsai
Academician & Distinguished Visiting Chair,
Institute of Biological Chemistry, Academia Sinica, Taiwan

Felicia Chen-Wu Memorial Lecture
Zihe Rao
Professor, School of Medicine, Tsinghua University
Academician, Chinese Academy of Sciences, China
