Subject: Invitation to attend the 15th International Symposium of the Protein Society of Thailand

Dear Chancellor / Dean / Head of Department / Director / President / Secretary / Professor / Researcher / Student and Member of Protein Society of Thailand

It is my great pleasure to invite you to attend this 15th International Symposium of the Protein Society of Thailand (PST) which will be held at the Convention Center, Chulabhorn Research Institute, Bangkok, Thailand during November 4 - 6, 2020. Since its foundation in 2006, PST has arranged annual symposia for protein researchers and students to exchange their knowledge, experience and expertise with invited speakers, overseas scientists, senior researchers, and young scientists.

All Abstracts and Proceedings submitted to this international symposium have been critically reviewed prior to oral or poster presentation, and publication. The Organizing Committee also works with companies to arrange booths for the exhibition of equipment and supplies for protein research, as well as Luncheon Lectures.

PST also co-hosted conferences with the Asian Oceanian Human Proteome Organization in 2014 and the Asia Pacific Protein Association in 2017. I was President of APPA for 2017-2018, and am succeeded by James R. K. Cairns for 2019-2020. All of this helps increase the international visibility of protein science in Thailand.

The Organizing Committee is very grateful to the Chulabhorn Research Institute and Mahidol University, as well as other organizations for their support. I hope that you will accept this invitation to attend this 15th PST Symposium, not only to learn about recent advances in protein research but also enjoy your activities with other protein scientists.

Emeritus Professor M.R. Jisnuson Svasti

Chairman, Organizing Committee,
15th PST International Symposium
